

March 9, 1942.

Mr. Roice Nelson, Chairman
Coal Creek Water Users Committee
Cedar City, Utah

Dear Sir:

Re: Coal Creek

I am enclosing a copy of the Notice to Water Users with reference to the meeting of March 17, at 8:00 p.m.

I have arranged to have this published in the issue of the Iron County Record of March 12, 1942, and have asked the Postmaster to post a copy in some public place. If you feel that this notice will not reach all of the water users, I suggest that you have it given publicity by means of the radio.

We are unable to send personal notice because we do not have a list of Coal Creek water users in this office.

Very truly yours,

Ed. H. Watson,
State Engineer.
